Bishop Doane, of New Jersey, has forbidden the Rev Richard A. Carden, of Philadelphia, to again officiate in the diocese of Philadelphia, because during a recent visito to Cape May he invited a Methodist clergyman to assis

him in the administration of the sacrament.

At the late semi-centennial anniversary of Andover Theological Seminary, the Treasurer, Rev. J. I. Taylor, presented the following statement of facts respecting its endowment. There has been given for this purpose:—By Madame Phillips and son, \$20,000; Samuel Abbott, \$110,000; William Bartlet, of Newburyport, \$160,000; Moses Brown, of Newburyport, \$35,000; John Norris and wife, of Salem, \$40,000; William Phillips, \$10,000; Miss Waldo, of Worcester, \$15,000; S. S. Hitchcock (recently), \$15,000; from other sources, \$45,000. Making a total of \$450,000. If to this be added the endowment of Phillips Academy, we have the sum of \$550,000, contributed to sustain the institutions of learning and religion on Andover Hill—the result of a far seeing benevolence.

AN SPISCOPALIAN MINISTER SUSPENDED.

The Rev. Mr. Carden, of the church of St. Matthias, in Philadelphia, having, it is alleged, violated a canon of the Episcopalian church, during a recont visit to Cape May, Bishop Doane, of New Jersey, has issued a preclamation forbidding the reverend gentleman from again officiating within the bounds of his diocess. The following is the Bishop's proclamation:—

To THE REV. RUGRED A. CARDEN, PRESERVER OF THE DIOCESS OF PENERGYLYAMIA.

Bishop's proclamation:—
To BE REV. RICKARD A. CARDEN, PRESERVER OF THE DIOCESS
OF PENNEYLYANIA:—
In the Banner of the Crost of the 26th of August, 1858, published in the city of Philadelphia, where you are a resident, are the words following:—
"Recently," to wit, on Sunday, 25th of July, "the Rev. Mr. Carden, on a visit to Cape May, "in the diocess of New Jersey," preached there, and administered the Holy Communicon, calling on the resident Methodist minister to assist him in the administration of the elements. There were other ciergymon of the church there, one or more of whom refused to participate in so irregular a service."

I have been duly certified that the allegation thus made is true. I have waited till this time for your explanation or apology. I have received petther.

I therefore deem it may duly, under the sixth cannot of the General Convention of 1850, to admonish you for such act of misbenavior, in violation of that provision of the crdinal under which you became a deacon and a priest.

"No man shall be accounted or taken to be a lawful bishop, priest or deacon in his church, or suffered to execute any of the said functions, except he be called, tried or examined, and admitted thereunto according to the form bereafter following, or hath had Ecopiscopal consecration or ordination." And I, moreover, forbid you to officiate in the diocess of New Jersey.

perance. TO THE EDITOR OF THE HERALD.

Will you do me and the society which I represent the favor to publish the following correspondence in the col-umos of your widely circulated journal. J. L. HATCH, Socretary A. S. P. C. R. L.

J. I. HATCH, Secretary A. S. P. C. E. L. BROOKLYN, August 28, 1857.

To first How. Gener Shith.

Dran Sin—In behalf of the American Society for the Promotion of Civil and Religious Liberty, of which I have the honor to be Corresponding Secretary, I write to inquire your views as an independent candidate for Governor, concerning Sunday laws, or Sabbath observance enforced by law. We would be pieased to know whether, if elected to the office for which you have been nominated, you would give your influence in favor of the continuance and thorough enforcement of our present Sunday laws. Would you be in favor of laws enforcing the seventh or any other day of the week, as Sabbath? Or would you favor the repeal of all our distinctive Sunday laws as opposed to the spirit of our federal and State constitutions? We also desire to know, if we understand you rightly, as viewing the absolute prohibition and destruction of ignors as misances, to be applicable only to those villanous compounds so generally sold now-a-days for brandy, wine, &c., and not to a pure article. Bit your view that, while the fearful injury which men unwittingly do themselves and the community by partaking of these poisonous, deceptive, maddening mixtures soid under take pretences as genuine brandy, wine, &c., should be foreibly prevented by "the strong arm of the law," it should be left to moral sunsion to deter men from the use of pure alsoholic drinks as a beverage?

With great respect for yourself, personally, and for the honest and candid manner in which you offer your views for the consideration of your fellow citizens, and hoping that you will do us the favor to answer these questions at your earliest convenience, we remain, yours, very truly, J. L. HATCH, in behalf of the society.

Mr. J. I., HARCH—

DEAR SIR—I much regret this delay in answering your esteemed letter; and even now I can write you but a few hurried lines. I am from home nearly all my time, attending political meetings; and when I return home I find myself buried up in letters.

First—I am emphatically a Sabbath man, but I am opposed to all legislation in behalf of the Sabbath. With me the province of civil government is very narrow. Its sole office is to protect person and property. It is not to undertake to help the cause of religion, or education, or temperature.

Second—Nothing more than maddening—periling life and property. But the dram-shop is the great manufactory of madmen. Hence I would have government shut up the dram-shop. In other words, I would have government suppress the sale, for a drink, of all maddening liquors. I send you a copy of my letter of acceptance.—Very respectfully, your freed,

MONEY MARKET.

SATURDAY, Sept. 18-6 P. M. The Fulton, which sailed for Europe this day, took out 585,168 in specie, which is considerably more than the Saturday steamers usually take. Some of the shipments which were to have gone in the Cunarder were doubtless transferred to the Fulton. Exchange closed pretty firm, a good business having been done at 100% a 110 for bankers' sterling, and at 5 13 a 5 11% for bills on Paris. Money is easy again; the last effort by the bankers to put up the rate has again failed; at four per cent it is freely offered to the brokers, and there are many loans still out

natural reaction from the decline of the past few days. The friends of several of the prominent speculative stocks have no confidence in any great decline in market values, were only too glad to cover their contracts yesterday with in as buyers so freely that the market rose and almost assumed a buoyant tone. Reading, which led the decline yesterday, led the upward movement to-day. It opened at a shade above the closing price of yesterday, and rose on the second call this morning % per cent, closing at a further advance of 1/2. The resistance offered by the bears was slight, and it is understood that the bulls had the assistance of some Philadelphia orders. In New York Central, many of the bears hastened to buy for delivery on the opening this morning. When over 1,000 shares had been taken up in this way, the holders demanded and the bears paid an additional eighth for the stock; but the sales feil off, and a tendency was shown to put out fresh short contracts. Erie was dull at yesterday's figures The presidents of the various railways convened in the late Philadelphia Convention met in the course of the day and had a further conference on their mutual interests.
Galena rose & per cent; Rock Island &, closing at an advadce of % per cent over yesterday's closing price; Toledo rose %; Illinois Central &; Michigan Southern &; Michigan Central % per cent; all moving together and sympahear of no one buying any of these stocks for investment buyers and sellers of them are all members of the Board of Brokers or street speculators. The rise in Pacific Mail, to whose extraordinary prospects we alluded yesterday, was equal to 3)4 per cent above the last sale recorded a the Board yesterday. The sales to-day were of small lots taken evidently for investment. Panama was 14 better than last reported sale. Delaware and Hudson was steady; Pennsylvania Coal rose 2 per cent. The only sale of bank stock was one of American Exchange, at an advance of 1 per cent. In State stocks an average business was a sale of the new government Fives at 103 %; the prospect is that they will be lower yet. The market closed pretty

At the second board there was very little business done, but prices generally were a shade better. Pacific Ma rose a further 3/ per cent. La Crosse bonds improved 1 per cent. The closing prices at Groesbeck & Hoyt's were:—New York Central, 78½ a 78½; Erie, 17¼ a 17½; Reading, 47½ a 47¾; Michigan Southern, 23½ a 23½; Michigan Central, 55½ a 55½; Panama, 113 a 113½; Pa citic Mail, 97)4 a 9734; Galena, 83)4 a 83)4; Rock Island, 69 a 6934; Toledo, 3234 a 33)4. The market closed dull. The exchanges at the Bank Clearing House to-day were

\$17,401,166 79, and the balances \$1,092,830 47. The Metropolitan certificates are \$3000.

Though scarcely having reached manhood the costet, and but just entering upon the threshoid of a life which promised to be rich in usefulness—destined to be distinguished by acts of honor and credit, and ever actuated by purposes of high and noble lone, still many were the traits and qualifications that marked the decoased as one of nature's gifted sons. To his parents and relatives great indeed will be the consolation when reflecting upon the virtues that advence—the excellence that distinguished and the remarkable taleots that stamped upon the deceased an impress truly creditable and deserved. How have I not seen his dark eye, when music swayed,
And, as it spoke with elequence, felt the charm it made;
When carciess, as he sat, the soul with beauty rose
And animation looked from out its portals though all was

The smile I seem to see, which lingers sweetly yet—
The power it had and ever will have I never will forget.
